

Albion Falls is a 19 m (62 ft.) classical/cascade waterfall flowing down the Niagara Escarpment in Red Hill Valley in Hamilton. It has been said that Albion Falls was once considered as a possible source of water for Hamilton. Rocks from the Albion Falls area were used in the construction of the Royal Botanical Gardens' Rock Garden.

# Mo-Hawk Hikers

## Albion Falls Annual Spring Hike

### Monday, May 14, 2018 - 10:30 am

### Lunch at Powerhouse Restaurant - Stoney Creek
